
Science and Maths Clinics.

Pupils from S4-S7 from all sections will be able to pop in to get advice linked to aspects of work which they would like further help with.

These clinics will take place twice a week during lunchtime.

Science Clinics (covering biology, chemistry and physics):
Tuesday and Thursday.

Maths Clinic: Monday and Friday.

The aim of these clinics is to provide the opportunity for pupils to:

- Ask questions to check the understanding of a concept
- Work further developing a skill
- Discuss work not fully understood

Three teachers will be present for each science clinic and two for each maths clinic.
